### Resource Mobilization Policy

#### Aim

Optimum utilization of the available resources for the future development and financial stability of the institution.

#### Objectives

##### 1. To provide better services to patients, students and employees

By using optimum utilization of the available resources the management can provide better service to the patients avail treatment from the hospital and the students studying in the college and the employees working in the institutions.

##### 2. Maintains sustainability

If an institution is to sustain its operations, then it may require sufficient resources to successfully complete regular tasks and projects. Understanding the number of resources necessary to sustain practices can help maintain regular production in the event of great demand or any challenges.

##### 3. Future development and expansion activities

For future development and for expansion activities the management makes optimum utilization of the available resources.

##### 4. To reduce treatment cost and tuition fee

By using the optimum utilization of the available resources we can reduce the cost of hospital treatment and can reduce the tuition fee collected from the students
