6.5.1 Institution has a streamlined Internal Quality Assurance System

The Internal Quality Assurance System of KMCT College of Allied Health Sciences has been consistently and actively participating in quality maintenance and quality advancement operations since 2018, paying attention to achieving complete academic excellence.

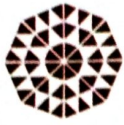

The IQAC's aims are to:

- Create a system for deliberate, persistent, and catalytic action to enhance the institution's performance in both academics and administration.
- Encourage actions that will improve the institution's performance by integrating a quality culture and code defining best practices.
- Enhance quality by placing greater emphasis on verifying and ensuring transparency in its operations.
- Ensure that the institution's varied activities are improved and co-ordinated, and institutionalize all good conduct.
- Establish a robust foundation for decision-making to enhance our institution's performance.
- Create a methodological internal communication and documentation process.

The mission of IQAC is to formulate procedures and systems for:

- Ensuring prompt, efficient, and progressive task performance in the areas of academics, administration, and finances.
- Equal access to and affordability of academic courses for various segments of socioeconomic status.
- Expansion and integration of teaching-learning strategies.
- Ensuring a suitable, modern, and effective institutional service system.

Functions:

- The creation and use of quality standards for the institution's numerous academic and administrative activities.
- Contributing to the constructive learning environment that is supportive to imparting outstanding education.
- Facilitate student, parent, and other stakeholders' feedback on institution's processes which influence the quality in turn.
- Documentation of the different initiatives and projects that boost the quality and analyzing the data for future such project's improvisation.
- Efforts are made to organize quality-driven initiatives within the institution, which involve adopting and promoting the best practices.
- To maintain or enhance the institution's quality and reputation, efforts are made to develop and preserve its goodwill.
- The organization aims to establish an environment that promotes a culture of quality.
